COLOURFUL COMPANIONS

# YELLOW, NOT MELLOW

XANTHIC  
CREAM  
MUSTARD  
BEIGE  
GOLD  
LAGUNA

Bananas and lemons, mangoes and cheese

Dandelions and daffodils, surrounded by bees

The yellow school bus goes vroom, vroom, vroom

And the sunflowers are in full bloom

## DID YOU KNOW?

- Yellow is one of the oldest colours in history. The pigment was derived from ochre and one of the first used in cave art.
- Many religions worshipped the sun and the sun gods were shown wearing yellow robes.
- Yellow is seen as an optimistic, happy colour, as it is associated with sunlight and summer.
- Harvey Ball came up with the idea for the yellow emoticons we use today in 1963.
- The irrational fear of the colour yellow is called xantophobia.
- The term “yellow belly” refers to a coward.
