COLOURFUL COMPANIONS

# WHITE DELIGHT

CREAM  
IVORY  
EGGSHELL  
VANILLA  
ALABASTER

The graceful swan, the beluga in the blue

Good ol' Olaf, Casper, and Hedwig too

White is the colour of freshly fallen snow

And lilies and daisies that put on quite a show.

## DID YOU KNOW?

- White is achromatic, which means it has no hue — it is neither reddish, bluish, greenish, nor yellowish.
- In physics, white is seen by the human eye when all wavelengths of the visible spectrum combine.
- Titanium white, made with titanium dioxide, is the brightest white paint available. It is used in products such as toothpaste and sunscreen.
- Antarctica is known as the white continent; 90% of all the ice on Earth can be found here.
- Mauna Kea and Mont Blanc mean 'white mountain' in Hawaiian and French respectively.
- The famous White Cliffs of Dover in England are composed of soft, white limestone.
- The White House in Washington D.C., the U.S., is possibly the most well-known white structure in the world.
